

Harnessing Generative AI in Academic Writing – *Nature Masterclasses* virtual workshop

Join this free virtual workshop complementing your access to the *Nature Masterclasses* on-demand platform.

Our institution's subscription to *Nature Masterclasses* provides you with a range of on-demand courses designed to help build skills through all stages of the research cycle.

This complementary live workshop, taught by Nature Masterclasses expert trainer Harry Shirley, PhD, will guide you through the responsible use of generative AI in academic writing.

In the short session, we introduce the fundamentals of how generative AI works and its limitations, including biases and ethical considerations. We will also review key publisher policies on AI use, from authorship to disclosure requirements, and explore practical use cases for the responsible use of generative AI in academic writing.
